Florida Urology Partners, LLP

Cancellation – Patient no shows create gaps in the physician schedules that could be otherwise used to accommodate patients with urgent problems. Therefore we require a 24 hour notice of cancellation for office visits and 72 hours notice of cancellations prior to hospital or office surgeries or procedures. If we are not notified we will charge $50 for a missed appointment and $150 for a missed surgery or office procedure.

Forms – The completion of forms in addition to the usual and customary insurance claim forms or prescription authorization forms represents an administrative service above and beyond the provision of medical care. The volume of these requests have increased tremendously resulting in the need for additional staff costs. There will be a $25 fee collected for each form presented for completion. This includes but is not limited to FMLA forms, private disability or cancer policy forms, school or work disability or limitation forms, or financial deferment forms.

Records Request – Patients are entitled to a copy of their own office visit encounters and they will be furnished upon request. However, if multiple copies are requested or if a comprehensive request for records including all associated reports and documents is requested we will charge $1 per page not to exceed $10.

Assignment of Benefits – I hereby authorize my insurance benefits to be paid directly to Florida Urology Partners, LLP. I understand that I am responsible for non-covered services and I authorize the release of medical information to my insurance company.

Co-pays – Co-pays and deductibles are due at the time of services. We will make every effort to make an accurate determination of patient responsibility based on your insurance plan and use of the online insurance verification service Availity.

Referrals – If you have a HMO requiring a referral or prior authorization from your Primary Care Physician please understand that this is the insurance plan you selected and you are responsible for obtaining the referral prior to the office visit. Failure to do so will result in inconvenience to you and the Physician and your appointment being rescheduled.

Lifetime Signature – I authorize the release of medical information to my insurance company to process claims. I authorize this to be used as a lifetime signature to avoid the inconvenience of having to sign individual insurance claim forms at every office visit.
